## PROFESSIONAL SUMMARY

I am a driven Computer Science with Business graduate who excels academically and brings valuable experience from previous roles and internships. My skill set spans front-end, back-end, and web development, interaction design, and agile practices. I have a strong understanding of object-oriented programming principles, time complexities, data structures and algorithms, and the software development life cycle. Additionally, I recognise the importance of version control and consistently apply best practices for writing clean, maintainable code.

## SKILLS

- **Programming Languages:** HTML, CSS, JavaScript, Express.js, Node.js, C#, PHP, SQL, PostgreSQL
- **Frameworks:** Bootstrap, ASP.NET MVC, React.js
- **Tools:** Visual Studio 2022, VS Code, Azure Data Studio, Docker, Figma, Microsoft Office Suite, GitHub
- **Methodologies:** Agile

## EXPERIENCE

- May 2024 – Sep 2024

**Software Development and Engineering Trainee**

Robert Walters – London (Remote)
- Developed over 5 applications using C# implementing the entire Software Development Life Cycle (SDLC)
  - Designed and implemented Microsoft SQL databases including creating ERDs and writing complex SQL queries for data retrieval and analysis.
  - Used ASP.NET MVC framework to manage interactions between the database and the user interface.
  - Used HTML, CSS, JavaScript and razor pages to design the front-end.
  - Deployed applications using Docker, creating and managing containers.
  - Conducted unit testing and Benchmarking, ensuring high-quality and reliable code delivery.
  - Collaborated with my team of 5 developers on GitHub, using branches in Visual Studio to manage source code, implement features, and resolve conflicts efficiently.

## WORK HISTORY

- Sep 2023 – Dec 2023

**Team Member**

Lovisa - Birmingham
- Offered outstanding customer service and gave tailored fashion suggestions.
  - Performed spot checks on all tills, making sure they had enough change in them.
  - Accounted for all cash at the end of each day.
  - Ran reports to look at performance.
  - Performed piercing services.
  - Promoted add-on products, resulting in increased sales.

May 2022 - Sep 2023

### Web Developer Placement

OnlineNaira - London

- Developed and implemented features using CSS, JavaScript, and PHP code, enhancing website functionality and user experience.
- Managed the OnlineNaira website with a team of 3 developers, contributing to both front-end and back-end tasks, including integration with databases and servers.
- Used a wide range of over 7 web technologies including PHP, JavaScript/jQuery, HTML, cPanel, WHM, and SQL.
- Actively participated in project management using JIRA + Slack, gaining experience with agile methodologies like Kanban.
- Communicated effectively with team members, providing regular status updates, and proactively addressing any issues or roadblocks.

## EDUCATION

Sep 2020 - Jun 2024

### BSc (Hons) Computer Science with Business (ITMB with placement year)

Aston University | Birmingham

- First class honours

#### Relevant Modules:

- Object Oriented Programming
- Mathematics for Computing Professionals
- Interaction Design
- Software Project Management
- Data Structures and Algorithms
- Human-Computer Interaction
- Software Engineering

Sep 2018 - Jun 2020

### A-levels

Christ the King, St. Mary's Sixth Form College | Sidcup, Bexley

- Information Technology (A\*)
- Law (B)
- Business Studies (B)
- Member of the French elective

Sep 2013 - Jul 2018

### GCSEs

Harris Garrard Academy | Thamesmead

- 10 GCSEs grades A-B

## CERTIFICATIONS

- Microsoft Certified: Azure AI Fundamentals
- Foundational C# with Microsoft

## ACCOMPLISHMENTS

Aston Achievement Scholarship - (Students holding BBB+ in A-Levels)

## HOBBIES AND INTEREST

- Gym
- Reading
- Music (Guitar)
- Drawing
- Gaming
- Designing accessories, hair, and clothing for 3D models in the Sims 4 and ROBLOX using Blender, Marvelous Designer and Adobe Substance Painter

## LANGUAGES

### English

Native

### French

Intermediate
